MEET THE NEW-GENERATION MOFFETT M4 NX

Experience the enhanced performance of world's most trusted truck mounted forklift with the new-generation MOFFETT M4 nx. It is packed with improvements – on the inside as well as the outside – to help you get a lot more out of it.

- Better performance
- Easier maintenance
- Enhanced styling
- Improved safety and comfort
- Wide range of options and accessories

Like a Swiss Army knife, the MOFFETT M4 nx is the definition of versatility with a seriously efficient power-to-weight ratio. With a lift capacity of up to 4500 lbs, the M4 nx transfers loads quickly and safely – even across challenging terrain. It tackles all kinds of operations to give you an all-around advantage.

The M4 nx is incredibly powerful, yet lightweight and compact enough to be carried on almost any truck or trailer. It is available with a wide range of options and attachments.

The MOFFETT M4 nx is supported by our worldwide network of service engineers.

When you invest in the new MOFFETT M4 nx, you get a next-generation truck mounted forklift that delivers top performance, is easier to maintain and offers more comfort and safety. Which means your MOFFETT M4 nx spends more time at work – making more deliveries for you.

NEW FEATURES FOR BETTER PERFORMANCE SAFETY AND COMFORT

MaxPerformance™

Light, but far from lightweight

World's most trusted truck mounted forklift now has even more versatile performance. With the most efficient power-to-weight ratio in the industry.

Mast

High Visibility mast for precise load positioning with numerous options to suit your application

Interlocking seatbelt

Prevents driving if not connected

Redesigned chassis

Optimised weight distribution

Reduced cost of ownership™

Savings on all sides

The M4 NX models now provide reduced cost of ownership. You get faster and quieter operations, reduced fuel consumption and lower carbon dioxide emissions.

EasyService™

Reduced maintenance time

The MOFFETT M4 NX has a redesigned bonnet and rear doors, access to do daily checks and routine maintenance is made even easier.

PERFORMANCE,

SafetyPlus™

Because safety comes first

With the bonnet redesigned for better visibility, LED lights/beacon and Interlocking seat belt, you gain enhanced safety for the operator.

GroundStart™

Enhancing safety

With GroundStart as standard, dismounting the M4 NX is now even easier for the operator no matter the location.
